Subject: Updated 2018 monitoring schedule for Polacca public water system
Attachments: 2018 02 12-Monitoring Schedule-090400106.pdf; 2017-Polacca Comprehensive Sample Siting Plan.xlsx

Hello Sharon, Alfonso,

I've attached an updated monitoring schedule for the Polacca water system. Thank you for completing all of your 2017 monitoring. Please let me know if you have questions about the schedule.

I also reviewed your sample siting plan and realized that you will need to do a small update to your sample siting plan. Since you are required to collect 4 bacteriological samples per month, please update the attached plan (tabs marked "rTCR Legend" and "rTCR" Plan Maps") with the fourth site and its respective upstream and downstream locations. This is something Brett can help you with. Let me know if you have questions.

Thanks

Emmanuelle

Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the **10th** of the month following the month that you receive results, or the **10th** of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.
